## EXECUTIVE SUMMARY

### **Business Enterprise Program for Minorities, Females & Persons with Disabilities**

The Business Enterprise Program for Minorities, Females, and Persons with Disabilities promotes the economic development of businesses owned by members of minority groups, females, or persons with disabilities by providing access and assistance in the procurement process for contracts from state agencies and universities.

The Council and CMS are proud that despite the rough economic times of the past years and the present that our program not only remains strong but has actually exceeded last year's strong performance. Economic development opportunities among businesses owned by minorities, females and persons with a disability is economic growth for Illinois.

We are extremely proud to report that participation by businesses owned by minorities, females and persons with a disability in State contract spending rose greatly to \$644 Million in fiscal year 2008, representing a \$72 Million or 12.5% increase over the prior fiscal year.

Other major accomplishments for fiscal year 2008 as well as plans for the future of the program are set forth in the following pages of this report.

We remain dedicated to the goals set forth by Governor Quinn and the General Assembly and look forward to building upon the success of the program.

## FY 2008 Major Accomplishments

- **Dramatic Increase in Firms Seeking Inclusion in the BEP Program**

Workshops in the communities combined with user-friendly Internet-based outreach resulted in a 90% increase (1,534 in FY 08 compared to 809 in FY 07) in BEP businesses applying for inclusion in the BEP Program as State-certified minority, female or person with a disability-owned businesses.

- **Dramatic Increase in BEP Firms Sharing in State Spending**

Minority, female or person with a disability-owned businesses sharing in State contract spending rose greatly by \$ 72 million or 12.5%, approximately \$644 million in FY 08 compared to \$572 million in FY 07.

- **Streamlining and Expedition of Application Process Via Agreements with other Certifying State and Local Governmental Units**

In FY 08 CMS proactively executed inter-governmental agreements with other state and local public agencies which certify minority, female or person with disability-owned businesses. This allows those businesses already certified by other governmental entities to expedite the CMS certification process. In FY 08 agreements were executed with: Illinois Department of Transportation, Chicago Transit Authority, Cook County, Metra, and Pace.

- **Expanded and Enhanced Partnerships with Various Stakeholders Throughout the State**

CMS outreach initiatives, including workshops; certification trainings; disseminated information about small and diverse businesses programs; and user-friendly web sites; have resulted in a working partnership not only with the minority, female and persons with disabilities businesses and organizations but also with the general business community.

- **Expanded and Enhanced Partnerships with State Agencies**

CMS internal workshops and training for State agencies has increased and enhanced the communication efforts and agency commitment to the BEP program. This has resulted in BEP liaisons from each agency working in tandem with our staff to further ensure each agency's dedication to providing fair opportunities to minority, female or person with disability-owned businesses.

## FY 2009 Major Goals

- **Continue Successful Efforts to Increase BEP Firms Seeking Inclusion to the Program and BEP Firms Sharing in State Spending**

In FY 09 CMS will continue to not only meet but exceed the above.

- **Streamlining and Expedition of Application Process Via Agreements with other Certifying State and Local Governmental Units**

In FY 09 CMS will continue to proactively seek out additional agreements with other state and local public agencies that certify minority, female or person with disability-owned businesses. CMS will finalize negotiations with the City of Chicago to add firms already recognized by the City to our expanding pool of minority, female or person with disability-owned eligible businesses.

- **Creation of a State-Wide Inter-Governmental Working Group to Coordinate and Enhance Opportunities**

IN FY 09 CMS will lead efforts to create a working group among the various governmental units that certify and administer programs for minority, female or person with disability-owned businesses. By combining efforts from workshops to certification procedures, a common vendor database to contract fairs, and other joint initiatives, CMS and other state agencies and local governments can reduce overhead costs while greatly increasing internal productivity and external services and results.

- **Continue to Diversify and Broaden the Pool of Minority-Owned Businesses Participating in the Program**

CMS is proud of the great strides and greater inclusion achieved by African-American and Hispanic-American owned businesses in Illinois. While continuing to enhance opportunities for African-American and Hispanic-American businesses, CMS will encourage greater participation in the BEP program by Asian-American, Middle Eastern-American and Native American owned businesses in Illinois.
