March 1, 2011

To the Honorable Pat Quinn, Governor, and  
The Honorable Members of the Illinois General Assembly

Greetings,

On behalf of the Department of Central Management Services and the Business Enterprise Council, we are proud to present the 2010 Annual Report of the Business Enterprise Program for Females, Minorities, and Persons with Disabilities. In Fiscal Year 2010, we exceeded the statutory goal of 12% by more than 68%. This year's totals were a 9% increase over Fiscal Year 2009.

We remain steadfast and committed to the continued improvement of our performance. We continue to look for ways to enhance the Program by increasing outreach programs, streamlining our certification process, and continuing to encourage qualified, prospective vendors to seek State business.

Your unflinching commitment to the Business Enterprise Program has been the bedrock from which our continuing progress and success has been possible. We look forward to any comments or inquires you may have regarding this report.

Respectfully,

A handwritten signature in black ink, appearing to read "James P. Sledge", is written over a horizontal line.

# **Business Enterprise Program for Minorities, Females, and Persons with Disabilities**

## **Executive Summary**

### **Introduction**

The Business Enterprise Program (BEP), under the direction of Governor Pat Quinn, continues to be successful with ever-increasing opportunities for minority, female and disabled person-owned business enterprises. During these difficult economic times, BEP is pleased to report that the program continues to stimulate economic growth throughout its certified vendors. The details of the 2010 Annual Report, submitted by the Business Enterprise Council for Minorities, Females, and Persons with Disabilities (Council), outlines many accomplishments achieved by BEP as it relates to fiscal expectations, legislation compliance, and vendor certification. The BEP program has been successful since its inception, and will continue to uphold the standards set forth by the Governor.

#### **Program Strategic Goals and Objectives:**

- Excellent procurement administrative services to State agencies and governmental entities.
- Efficient and effective service to the citizens of Illinois.
- Developing a strong diverse supplier base.
- Upholding the standards set forth by the Governor.

#### **The Business Enterprise Program hosts three categories of certification:**

- Female Business Enterprise (FBE)
- Person with a Disability (PBE)
- Minority Business Enterprise (MBE)

## **Accomplishments and Highlights**

### **Fiscal and Legislative Accomplishments**

Currently, the State of Illinois has set a minimum goal of 20%, representing an 8% increase from previous years. This 20% goal also includes gender and ethnic sub goals as follows: 11% Minority (MBE), 7% Female (FBE), and 2% Persons with a Disability (PBE).

For Fiscal Year 2010, the State demonstrated a total BEP achievement of \$810,254,050, which surpassed the 12% statutory goal by 68.7%. This represents an increase of 9% or \$67,918,278 from Fiscal Year 2009. Over 43% of BEP certified vendors received a State contract in FY 2010.

Also in Fiscal Year 2010, the General Assembly extended the BEP to 2012 and strengthened the procurement process by prohibiting vendors from curing deficiencies to utilization plans for bid or proposal submissions.

### **Certification Accomplishments**

The program has experienced an increase in certification applications for Fiscal Year 2010. We continue to expedite the certification process for vendors with pending State contracts. Our recognition certification process has not only enhanced the opportunities for those certified vendors, but has opened the gateway for a true reciprocity certification standard.

Additionally, modifications made to the BEP website continue to streamline the Program by including new categories in the vendor search criteria, as well as, writable certification application forms.

### **Outreach Efforts**

BEP has an open door policy where program staff is available to assist prospective and current vendors with all aspects of doing business with the State. In addition to in person consultations, teleconferencing is available for persons with disabilities.

BEP has created partnerships with various townships, cities and municipalities on all aspects of M/FBE certification. BEP outreach initiatives include monthly certification workshops, onsite and offsite, participation in various supplier diversity conferences and seminars, and one-on-one consultations for potential vendors that require assistance. Additionally, BEP and its partners have created webinars about certification and procurement requirements and options.

BEP's website, [sell2.illinois.gov](http://sell2.illinois.gov) is a user-friendly site not only for certification, but also for vendor searches to fill State contracts.

Vendors can access procurement opportunities at the following websites:

- <http://www.purchase.state.il.us>
- <http://www.dot.state.il.us/dobuisns.html>
- <http://www.cdb.state.il.us/procurement.shtml>
- <http://www.procure.stateuniv.state.il.us/>

### **Outlook for Fiscal Year 2011**

BEP will continue to expand its efforts in all areas of Outreach, Compliance, and Certification. These areas have enriched the program's success. BEP developed a strategic plan that will continue increase diversity and broaden the pool of vendors for this year and beyond. Adhering to legislation (Public Act 096-0765), the Outreach division is increasing its efforts to encourage all potential vendors to become certified with the Program. Additionally, restructuring the certification procedural process is at the top of the list among future goals.

BEP compliance division has set policies that will assist in monitoring not only State Agencies and Universities, but also vendors engaged in the contracting process. They will become more familiar with the bidding process and how to obtain a State contract.

The Certification division anticipates an accelerated number of potential vendors applying to the Program as we continue to streamline the certification application process, providing more convenience and flexibility. BEP is engaged in the process that will extend the certification cycle to five years which currently corresponds with other certifying entities. BEP's outreach efforts will further enhance the number of potential vendors that apply for certification. BEP, along with the Internal Revenue Service and participating small business organizations including the U.S. Small Business Administration, Minority Business Development Agency, Boyd Gaming Corporation, American Express Company and the Illinois Procurement Technical Assistance Center, have collaborated in disseminating information about BEP certification requirements.

Innovative strategies will further the development of audio and video tutorials and an on-line training module for stakeholders supported by web links for assistance. Other strategies involve a database of business communities and an aggressive effort to schedule engagements surrounding BEP certification and benefits. Also, increasing outreach participation at the Federal and private sector events to address diversity is a primary focus in our upcoming agenda.

Central Management Services and the Business Enterprise Program are proudly moving forward through Fiscal Year 2011 motivated by the successes of the past and what the

future holds. As the economy rebounds creating more funding opportunities, we are optimistic that the number of contracts awarded to our vendors will continue to rise.

BEP has created a blueprint that will allow the program to continue to be sustainable in the years to come. Continual enhancement of BEP's policy and procedures will increase participation of our certified vendors. We will continue to respond accordingly to the needs of the State and our vendors. BEP welcomes and enjoys the demands, evolving them into additional achievements.
