

Illinois Commission on Equity and Inclusion

Kellye A. Keyes, Esq.
Acting Chairperson and Executive Director
100 West Randolph Street, Suite 14-300
Chicago, IL 60601
312 814-1054

March 1, 2023

Honorable Governor J.B. Pritzker, Members of the General Assembly and Bureau on Apprenticeship Programs and Clean Energy Jobs:

As codified in 30 ILCS 574/40-1, the Commission on Equity and Inclusion (Commission) was formed, effective January 1, 2022. By statute 30 ILCS 575/4f(4) of the BEP Act, the BEP Council shall submit a report to the Governor, General Assembly and Bureau on Apprenticeship Programs and Clean Energy Jobs that identifies the service firms used by each State agency and public institution of higher education, the actions it has undertaken to increase the use of service firms owned by minorities, women, and persons with disabilities and provide any recommendations made by the Council to each State agency and public institution of higher education to increase participation by the use of service firms owned by minorities, women, and persons with disabilities.

The Illinois Commission on Equity and Inclusion (CEI) and the Business Enterprise Program continues to support, promote and encourage the economic development of Minorities, Women, Persons with disabilities, Veterans and Service-Disabled Veterans participate in state procurement as both prime contractors and subcontractors.

This service category report will thoroughly discuss the progress made towards increasing the use of service firms owned by Minorities, Women, and Persons with Disabilities. We are proud to report increases in the insurance services, investments services, professional services and contracts sectors.

We value our significant role in the efforts towards creating an inclusive and equitable State.

Respectfully,

A handwritten signature in blue ink that reads "Kellye A. Keyes".

Kellye A. Keyes
Acting Chairperson and Executive Director

COMMISSION ON EQUITY AND INCLUSION

BUSINESS ENTERPRISE PROGRAM

Fiscal Year 2022

Service Category Report

Executive Summary

The Commission on Equity and Inclusion submits on behalf of the BEP Council to the Governor, General Assembly and Bureau on Apprenticeship Programs and Clean Energy Jobs a report that identifies the service firms used by each State agency and public institution of higher education, the actions undertaken to increase the use of service firms owned by minorities, women, and persons with disabilities and state any recommendations made by the Council to each State agency and public institution of higher education to increase participation by the use of service firms owned by minorities, women, and persons with disabilities. The Business Enterprise Program continues to support, promote and encourage the economic development of minorities, women, persons with disabilities, veterans and service-disabled veterans through participation in the state procurement as both prime and subcontractors.

Insurance Services

Insurance services experienced year over year growth between FY2021 and FY2022 by increasing the number of agencies and public institutions of higher education with contracts from 3 in FY2021 to 16 in FY2022. The value in total commissions and fees also increased during this time frame from \$906K to \$4.7M. This influx can be attributed to an increase in responses received by the BEP Compliance unit from public institutions of higher education. This also resulted in an increase in the value of total funds under management.

Investment Services

The number of agencies and public institutions of higher education with investment services contracts grew by 17% in FY2022. The total funds under management also increase exponentially over the same time period expanding from \$283k in FY2021 to \$631M in FY2022. This increase can be attributed to improved responses from community colleges and greater reporting accuracy from the responding public institutions of higher education.

Professional Services

Professional services category consists of accounting services, architectural & engineering services, Information technology and legal services. As a group, there were 88 agencies and public institutions of higher education with professional services contracts in FY2022. This represents an 83% increase from FY2021 which only had 48 agencies and public institutions of higher education with contracts. The total dollar amount also increased from \$79.4M in FY2021 to \$179M in FY2022.

Contracts

There were a total of 3,050 contract awards subject to service category reporting in FY2022. 380 or 12.5% of these contracts were awarded to diversity owned service firms. This is a 100% increase over the previous year where 190 contracts were awarded to diversity owned service firms out of 697 total service contracts awarded.

Through a renewed focus on vendor engagement, process updates, compliance optimization, and increased procurement opportunities, improvements will continue into the upcoming fiscal year to increase the use of service firms owned by minorities, women, and persons with disabilities.
