502FY17 BEP Narrative 8 – Annual Compliance Plan

The College of DuPage (“College”) acknowledges that a portion of its funding comes from local taxpayer dollars and recognizes the opportunity to contribute to the economic growth of the business community through contracts with minorities, women, and persons with disabilities owned businesses, and disadvantaged and local businesses. The College is committed to providing the maximum practicable opportunity for participation by Minority Business Enterprises (“MBE”), Women Business Enterprises (“WBE”), and Persons with Disabilities Business Enterprises (“PBE”), and strongly encourages College departments to work with MBE, WBE, and PBE firms under the Business Enterprise Program (“BEP”). Further, the College is required under the Business Enterprise for Minorities, Females, and Persons with Disabilities Act (the “Act”), 30 ILCS 575, to submit an Annual Compliance Plan to the State of Illinois regarding contracting activity the College’s BEP generated through the expenditure of funds.

Mission

The College of DuPage mission is to be a center for excellence in teaching, learning, and cultural experiences by providing accessible, affordable, and comprehensive education with imparting values of integrity, honesty, respect and responsibility toward students and the community.

Objective

This Annual Compliance plan highlights the College’s progress toward achieving certain contracting goals related to the implementation of the College’s BEP program in accordance with the Act. It is the intent of the College to comply fully with the applicable State laws and Board policies pertinent to BEP contracting opportunities.

Policy

It is the policy of the College to utilize BEP certified firms to the greatest extent possible and legally permissible. The College recognizes the importance of increasing access and opportunities for businesses owned by minorities, females, and persons with disabilities in public contracts. The College is committed to the “Business Enterprise Program” to encourage participation by minority, female and persons with disabilities-owned vendors in the College’s procurement processes. It is the College’s policy to promote and encourage the continuing economic development of businesses owned by minorities, females, and persons with disabilities by setting aspirational goals to award contracts to such businesses for certain services; to award contracts to such businesses for certain services in accordance with the provisions of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act, 30 ILCS 575/0.01 et seq. (the “Act”) and policies, regulations, and procedures enacted by the Business Enterprise Council for Minorities, Females, and Persons with Disabilities, 30 ILCS 575/5 (the “Council”); and to comply with the requirements of the Act and the policies, regulations and procedures enacted by the Council.

FY 2017 Accomplishments

In Fiscal Year 2017, the College began the implementation of its goals to increase the diversity of the businesses that bid on and earn College business and to purposefully achieve the 20% “Aspirational Goals” for each qualifying project in accordance with the Act. On November 17, 2016, the Board of Trustees for District 502 approved an amendment to its Board Policy, 10-175, to further promote and encourage the continuing economic development of businesses owned by

minorities, females, and persons with disabilities and to award contracts to such businesses for services in accordance with the Act.

In addition, the College designated the Director, Business Affairs as the liaison officer to the BEP Council, and the College's Purchasing Manager as a resource for vendors seeking to do business with the College and to enhance our procurement process to achieve the following objectives:

Summary of Objective Accomplishments

A. Improve access and awareness of College purchasing opportunities

- **Revised solicitation documents:** Competitive Bid/RFP solicitation documents include information encouraging the participation of certified vendors with instructions for BEP utilization
- **Expanded direct solicitation of BEP certified vendors:** The College Purchasing Department utilizes the Illinois Central Management System ("CMS") BEP Certification Portal to search and directly solicit BEP certified vendors for competitive Bid/RFP, and purchase opportunities. In FY 2017, the College solicited over 280 BEP certified vendors on 76 competitive Bid/RFP solicitations. Approximately 18% of the BEP firms contacted downloaded one or more solicitation opportunities, with less than 9% submitting responses.
- **Expanded Vendor Management:** Modified and enhanced the College's system of record to include BEP vendor profile and certifications status; information obtained via the CMS BEP portal is used to update the College database.

B. Enhance Outreach, Training, and Information

- **Enhanced Website:** The College's Purchasing Department website contains policy, contact information and resources for any vendor seeking to do business with the College. Additional web links to BEP program resources are included on the website. <http://cod.edu/about/purchasing/bep.aspx>
- **Expanded Outreach:** The Purchasing Department works with the College of DuPage's Center for Entrepreneurship to broadcast purchasing opportunities to regional small businesses and notifies Regional Area Chambers of Commerce to provide secondary announcements of College bid opportunities.

C. Increase use of certified vendors

- **Certified Firm Utilization:** The College advertised 76 Bid/RFPs opportunities, within the reporting services categories; two (2) RFPs were issued for accounting services and one (1) for architectural services. Contracting opportunities within the remaining four (4) categories, including information technology, investment services, architectural & engineering, accounting services, and legal services were limited due to existing multi-year contracts. Additionally, College purchases insurance services via the Illinois Community College Risk Management Consortium minimizing contract opportunities within the Insurance Services category. Two (2) certified BEP firms were awarded contracts in separate renovation and construction projects.

FY 2018 Objectives

The College values the improvement and promotion of vendor diversification by encouraging continued economic development of businesses owned by minorities, females, and persons with disabilities. The College is committed to supporting and encouraging the BEP initiatives by promoting the involvement of qualified certified businesses owned by minorities, women, and persons with disabilities in the College's purchasing and contracting needs. The following efforts will be taken to improve access and awareness to our purchasing process, with the goal of lessening barriers and generating equitable opportunities to compete on the College's purchasing contracts:

Summary of Opportunity Objectives

A. Improve access and awareness of College purchasing opportunities

- **Solicitation Packages:**

- Continue using the CMS BEP portal to identify and directly solicit certified vendors.
- Increase the use of Pre-Bid / Pre-Proposal meetings to recruit and communicate the BEP program objectives and requirements to vendors.

B. Enhance Outreach, Training, and Information

- **Outreach and Recruitment**

- Attend minority business procurement conferences and partner with other Community Colleges, Universities, and Local Governments. Participate in Supplier Diversity Outreach seminars, fairs, and workshop events.
- Launch communication awareness tools and training for College personnel involved in purchasing activities and local community vendors regarding the value and utilization of the BEP program.
- Advise certified and non-certified minority, female and persons with disabilities owned businesses with information on becoming a State of Illinois certified vendor.

C. Increase use of certified vendors

- **Certified Firm Utilization:**

- Enhancement to Quotation Request (less than the Statutory Limit \$25,000): Expand procurement requirements to obtain additional (verbal/written) quotations from certified BEP vendors.
- Supplement BEP Utilization Tracking: In addition to reporting expenditures and contracts required by the Act, the College will initiate efforts to track non-BEP required categories such as Maintenance and Construction.

The College recognizes the importance of increasing access and opportunities for businesses owned by minorities, females, and persons with disabilities in public contracts. Additionally, the College is committed to the Business Enterprise Program and encourages participation by minority, female, and persons with disabilities-owned vendors in the College's procurement processes.

In accordance with the Business Enterprise Program for Minorities, Females, and Persons with Disabilities Act, and as the President of the College of DuPage, I understand that my participation in, and commitment to, the College's Business Enterprise Program (BEP) is critical to the success of the program.

I will commit to encouraging the use of businesses owned by minorities, females, and persons with disabilities. This will be demonstrated by, but not limited to, committing to an aspirational goal of no less than 20% of total contractual spend in the services categories as prescribed in the Act and by the Illinois Community College Board.

Ellen M. Roberts, Director of Business Affairs, is the designated BEP liaison, and will provide the required reports and assistance to BEP Management and Compliance Coordinators.

Jacoby Radford is the College's Purchasing Manager, and will provide procurement expertise and required documents as needed.

I will comply with BEP statutes and the following compliance plan guidelines:

- We will utilize the Illinois Department of Central Management Services website (<https://www.illinois.gov/cms/business/sell2/bep/Pages/Default.aspx>), along with other resources, to identify potential certified contractors and vendors. We will also provide information to potential contractors and vendors regarding how to access businesses legitimately certified as owned by minorities, females, and persons with disabilities for subcontracting purposes.
- We will attend local supplier diversity fairs to create relationships with BEP certified vendors.
- We will set aspirational contract goals for specific prime contracts and purchase orders for subcontractors based upon the type of work or services and subcontractor availability.
- We will ensure that contractors and vendors make a good faith effort to meet contract goals, and develop a process to justify contract goal exemptions, modifications and waivers.

- We will file an annual report indicating our utilization of businesses owned by minorities, females, and persons with disabilities during the preceding fiscal year within the established Illinois Community College Board due date.

As a community college participating in the Business Enterprise Program, we are required to provide an annual report detailing how we met or did not meet the above outlined compliance goals. We will include a thorough self-evaluation of the College's performance detailing how we achieved or failed to achieve the goals. For all goals not met, a detailed narrative of how we plan to improve our results will be submitted.

I understand the outlined compliance expectations and will fully comply with the expected procedures and documentation.

The College is committed to supporting the BEP initiatives and to encouraging and ensuring the involvement of qualified certified businesses owned by minorities, females, and persons with disabilities in the College's purchasing and contracting needs.

Community College Business Enterprise Program Annual Report

Triton College, District #504

Narrative #8

8) Specific outreach efforts to increase the use of certified vendors.

A. Identify Triton's certified vendors.

Triton College first adopted a Minority Vendor Policy in April 1992. In December 2016, the college modified the policy to also reference Disabled-Person Owned Enterprises (PBE). A copy of that policy is attached as 504FY17 BEP Narrative 7.

Triton College's vendor application includes a section for a company to mark if it is certified as one of the seven Business Enterprise Program's classifications. We require that certification documentation be submitted with the completed vendor form. We follow up with all companies that mark one of the classifications, but do not include the certification documentation.

Triton's vendor application is available on Triton College's website. We have a statement on our webpage encouraging certified minority, female, and disabled-person businesses to complete our application.

B. Other Outreach Efforts

The Purchasing Directors from all the Illinois community colleges have an active email list. We regularly reach out to the group to ask questions or assistance on purchasing topics. We use this group to also query if any of the colleges can suggest minority, female and/or disabled-person businesses that we can contact for quotes/bids for a specific commodity or service.

The Business Enterprise Program has a database of certified minority, female and/or disabled-person businesses. The database has various search criteria to find companies to contact for quotes/bids.

We seek out Diversity Supplier Fairs that are scheduled by Illinois state agencies or Illinois state colleges and universities to meet an increased number of minority, female and/or disabled-person businesses for potential vendors of Triton.

On October 5, 2016, Alida Carpenter attended the Diverse Supplier Fair at Northern Illinois University. She attended a workshop conducted by individuals from the Business Enterprise Program. The workshop gave companies a better understanding of the BEP certification application process.

Triton is a member of E & I Cooperative, an educational purchasing cooperative. This cooperative has a supplier diversity program to develop relationships with diverse businesses. E & I's website maintains a listing of all the current contracts with these businesses for its members to use for their purchasing needs.

7) College Policy concerning Certified Vendors

POLICY 6.01.01 BUSINESS ENTERPRISE FOR MINORITIES, FEMALES, AND PERSONS WITH DISABILITIES

Consistent with the Business Enterprise for Minorities, Females, and Persons with Disabilities Act, 30 ILCS 575/0.01, *et seq.* (the “Act”), it is the policy of Parkland College to foster and encourage the continued economic development of businesses owned by minorities, females, and persons with disabilities.

Parkland College recognizes the importance of increasing the participation of businesses owned by minorities, females, and persons with disabilities in public contracts in an effort to overcome the discrimination and victimization such firms have historically encountered. It is the College’s policy to promote the economic development of businesses owned by minorities, females, and persons with disabilities by setting aspirational goals to award contracts to businesses owned by minorities, females, and persons with disabilities for certain services as provided by the Business Enterprise for Minorities, Females, and Persons with Disabilities Act 20, ILCS 575.01 *et. seq.* (the Act), and the Business Enterprise Council for Minorities, Females, and Persons with Disabilities. To that end, Parkland College adopts as its aspirational goals those percentages set forth in the Act.

305.03 Business Enterprise for Minorities, Females, and Persons with Disabilities Contracts

A. Introduction

This policy establishes the expectations of the College in meeting the goals of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act (30 ILCS 575/1).

B. Policy Statement

This Act establishes goals for all state agencies and public institutions of higher education to increase participation of businesses owned by minorities, females, and persons with disabilities for “State Contracts”, professional service contracts, and requirements for college compliance and reporting as define by the Act (30 ILCS 657/1).

C. Compliance

In order to remain compliance with the Act the College will do the following:

1. The College President shall appoint the Chief Financial Officer as the liaison to the Council;
2. The College Liaison shall file an annual compliance plan with the Council, which shall include a copy of this Policy, signed by the College President, which shall outline and summarize the College’s goals for contracting with businesses owned by minorities, females and persons with disabilities for the current fiscal year, the manner in which the College intends to reach these goals, a timetable to reach these goals, and procedures to support this Policy as specified by the Act;
3. The College Liaison shall file an annual report with the Council;
4. The College Liaison shall provide notice to the Council of proposed contracts for professional services;
5. The College shall use bid forms identifying the bidder’s percentage or disadvantaged business utilization plans; and percentage of business enterprise program utilization plan; and
6. The College shall comply with all other requirements of the Act.

Sauk Valley Community College supports the Business Enterprise for Minorities, Females and Persons with Disabilities Act, 30 ILCS 575/1. The College has established aspirational goals to award contracts to those businesses that fall under the Act. In order to reach these goals, the College has updated some procedures so that we are able to collect information in order to track the usage of businesses that are owned by minorities, females and persons with disabilities.

The College has updated its bidding and request for quote documents to include the following verbiage:

**GOALS FOR MINORITY/FEMALE/PERSONS WITH DISABILITIES
BUSINESS PARTICIPATION**

Goals: The Business Enterprise for Minorities, Females and Persons with Disabilities Act (30 ILCS 575/1) is a law requiring state agencies and public institutions of higher education to set aspirational goals to increase participation of businesses owned by minorities, females, and persons with disabilities in contracts that these public bodies award.

Instructions: The bidder shall include the following information with bid submission:

Name/Address/Phone Number of Certified MBE/FBE/PBE Firm

Copy of Minority Certification

If there is no minority owned, female owned or persons with disabilities owned participation in the bid submission, bidder must include a statement acknowledging such.

The College will take this information into consideration when awarding bids.

The College sent letters to all our current vendors asking them to go online and fill out our vendor information sheet, located at <http://www.svcc.edu/vendor-info>. There is a section in which we ask vendors to identify if they are a MBE, FBE, PBE, SBE or VOB as well as ethnicity. If they check any of the boxes, we ask them to attach their certification. This information will be entered into our Banner ERP system so that we can easily identify the percentage of our costs that are going to BEP groups. We will also ask that any of our new vendors to fill out the same form prior to issuing any payments.

The College utilizes the Central Management Website to find vendors that are certified prior to purchasing and will also direct any vendors to the website if they have question how they can become certified.

The College will support key administrative and staff members to attend and participate in training sessions, workshops, conferences and seminars dealing with procurement through qualified minority, female and persons with disability-owned business in compliance with the Act.

SECTION 4: PARTICIPATION GOALS

4.1 Percentages of Participation

Goals for participation by certified MBE and WBE firms for this Contract shall be not less than the following percentage of the **total contract value**:

MBE Participation goal: 25%

WBE Participation goal: 7%

4.2 Bidder/Proposer's Commitment and Responsibility

Each Bidder's commitment to the utilization of certified MBE and WBE firms shall be considered as further evidence of the responsibility of the Bidder/Proposer. Further, the Contractor agrees to use its best efforts to include certified MBE and WBE firms in any Contract modifications, amendments and renewals.

SECTION 5: PROCEDURE TO DETERMINE BID & PROPOSAL COMPLIANCE

5.1 The following documents constitute the Bidder/Proposer's MBE/WBE Compliance Plan and must be submitted with the bid or proposal:

A. Schedule A: Affidavit of MBE/WBE Goal Implementation Plan

Bidders/Proposers must submit, together with the bid/proposal, a completed Schedule A committing them to the utilization of each certified MBE/WBE firm listed.

Except in cases where the bidder/proposer has submitted a complete request for a waiver or variance of the MBE or WBE goals in accordance with Section 8 (below), the bidder/proposer must commit to the expenditure of an estimated percentage of their proposed contract value. Specific dollar amounts of participation by each certified MBE/WBE firm should also be included on the Schedule A as practicable.

Additionally, the total dollar commitments proposed for certified MBE firm(s) must at least equal the MBE goal, and the total dollar commitment to propose certified WBEs must at least equal the WBE goal.

All commitments made on the bidder/proposer's Schedule A must correspond with those presented on the Schedule C documents that are described below.

Additionally, a fully completed and executed Schedule A must be submitted with the bid/proposal when due. Failure to submit the completed Schedule A or a waiver request in accordance with this section will be cause for finding bid/proposal non-responsive and may result in rejection of bid/proposal.

B. Schedule C: Letter of Intent

A Schedule C [Schedule C-1 (MBE/WBE Bidder/Proposer or Schedule C-2 (Joint Venture Partner) as described herein] must be completed in its entirety and executed by each certified MBE and WBE firm listed on the Schedule A and submitted with the bid/proposal.

The Schedule C must accurately detail the work to be performed by the certified MBE or WBE firm at the agreed rates and prices to be paid. Additionally, the certified MBE and WBE firm's scope of work, as detailed on their Schedule C must conform to their area of specialty included in the certification letter as described below.

Additionally, all fully completed and executed Schedule Cs must be submitted with the bid/proposal when due. Failure to submit the completed Schedule C(s) in accordance with this section will be cause for finding bid/proposal non-responsive and may result in rejection of bid/proposal.

C. Letters of Certification & Certification Determination

A copy of each proposed MBE and WBE firm's current letter of certification must be submitted with the bid/proposal as a complement to the Schedule A and C. All letters of certification must include a statement of the certified MBE/WBE firm's area of specialty.

In order to be designated as a certified Minority Business Enterprise (MBE) or as a Women Business Enterprise (WBE) in City Colleges of Chicago contracting activity a firm must be verified as such by agencies known and accepted by CCC.

Specifically, the following agencies confer the designation and are accepted by the Office of Contract Compliance:

- 1) The City of Chicago;
- 2) Cook County;
- 3) The State of IL—CMS ;
- 4) National Minority Supplier Development Council and its regional affiliates including the Chicago Minority Supplier Development Council and
- 5) Women Business Enterprise National Council and its regional partner organizations including the Women’s Business Development Center in Chicago and

Certifications will also be considered from conferring government agencies in other states and major metropolitan cities on a case by case basis.

D. Schedule C-2 & Joint Venture Agreements

If the bidder/proposer's MBE/WBE proposal includes the participation of certified MBE or WBE firms as a joint venture on any tier (either as the bidder/proposer or as a subcontractor), the bidder/proposer must provide a copy of the joint venture agreement, as a part of Schedule A submission.

In order to demonstrate the certified MBE or WBE partner's share in the ownership, control, management responsibilities, risks and profits of the joint venture, the MBE or WBE firm that is a party to the Joint Venture must complete the Schedule C-2.

Additionally, the joint venture agreement must complement the Schedule C-2 and include specific details related to: (1) contributions of capital and equipment (2) work responsibilities or other performance to be undertaken by the certified MBE/WBE firm; (3) the commitment of management, supervisory and operative personnel employed by the certified MBE/WBE to be dedicated to the performance of the contract. The joint venture agreement must also clearly define each partner's authority to contractually obligate the joint venture and each partner's authority to expend joint venture funds (e.g. check signing authority).

5.2 Correct Completion of Schedules

The MBE/WBE Compliance Plan must have all blank spaces on both of the Schedules applicable to the Contract correctly filled in.

Agreements between a Bidder/Proposer and a certified MBE and certified WBE in which the certified MBE/WBE promises not to provide subcontracting quotations to other Bidders/Proposers are prohibited.

5.3 Deficient Compliance Plans

Upon receipt of the Compliance Plan submitted with the bid/proposal, the Office of MBE/WBE Compliance will determine if the bid/proposal is responsive. A bid/proposal may be treated as non-responsive by reason of the determination that the Bidder/Proposer's response did not contain a sufficient level of certified MBE or WBE participation or an approved waiver request.

During the period between bid opening/proposal due date and contract award the MBE/WBE Plan will be evaluated by the Office of M/WBE Contract Compliance for the following:

- 1) MBE and WBE Performance of a commercially useful function
- 2) Analysis of industry standard for sub-contracting (if applicable)
- 3) Scope of services versus certification letter specialty area
- 4) Accurate levels of compliance
- 5) Due diligence efforts to support waiver request (if applicable)
- 6) Certification renewal status
- 7) MBE/WBE execution of Schedule C
- 8) Compliance history on previous contracts with CCC and its sister agencies

The Bidder/Proposer agrees to provide, upon request, earnest and prompt cooperation to the Office of M/WBE Contract Compliance in submitting to interviews that may be necessary, in allowing entry to places of business, in providing further documentation, or in soliciting the cooperation of a proposed certified MBE or WBE firm in providing such assistance.

Additionally, a bid/proposal may be treated as non-responsive by reason of the determination that the Bidder/Proposer was unresponsive or uncooperative when asked for further information relative to the bid/proposal, or that false statements were made in the Schedules.

SECTION 6: COUNTING MBE/WBE PARTICIPATION TOWARD CONTRACT GOALS

6.1 Only certified MBE and WBE participation shall be counted toward the MBE and WBE goals set in this Contract and applied as follows:

A. Direct Participation

An MBE or WBE firm should be used directly in the performance of the scope of services that the Bidder/Proposer is providing for the District. The MBE or WBE's total contract value can be credited towards the participation goals for direct participation.

B. Indirect Participation

In the event the Bidder/Proposer's specific scope of services does not provide an opportunity for direct subcontracting, the Bidder/Proposer must consider other ways to engage MBEs and WBEs to meet the contract participation goals.

The expenditures with MBE and WBE vendors that are being used in the Bidder/Proposer's overall business operations for goods or services that are ancillary to the CCC contract such as transportation, advertising, accounting, landscaping, office supply can be credited at 100%.

C. Commercially Useful Function (CUF)

A Bidder/Proposer may count toward its MBE and WBE goal only expenditures to certified firms that will perform a commercially useful function in the work of a contract. A firm is considered to perform a commercially useful function when it is responsible for a distinct element of work of a contract and carries out the responsibilities by actually performing, managing, and supervising the work involved using its own resources.

The Office of M/WBE Contract Compliance will use a variety of methods to determine whether or not an MBE or WBE is performing a CUF at any time (pre-award, during contract execution and/or during the contract close-out phase) including but not limited to:

- 1) Project site visits;
- 2) Documentation requests and/or
- 3) Interviews with MBE or WBE owners or employees

D. MBE/WBE Subletting

Consistent with normal industry practices, a certified MBE or WBE subcontractor may enter into further subcontracts. If a certified MBE/WBE contractor subcontracts a significantly greater portion of the work of the contract than would be expected on the basis of normal industry practices, the certified MBE or WBE shall be presumed not to be performing a commercially useful function. Evidence may be presented, in writing, to the Office of M/WBE Contract Compliance by the contractors involved to rebut this presumption.

E. Counting MBE/WBE Manufacturers

A Contractor may count toward its goals expenditures to certified MBE or WBE manufacturers (i.e., suppliers that produce goods from raw materials or substantially alters them before resale) at 100%.

F. Counting MBE/WBE Suppliers

A Contractor may count 100% of its expenditures with certified MBE or WBE suppliers toward its compliance goals provided that the supplier performs a commercially useful function in the supply chain process and is a regular dealer.

G. Counting Total Dollar Value Awarded To Certified MBEs/WBEs

The total dollar value of contract awarded to a certified MBE or WBE firm shall only be credited to one of the respective certification statuses. The Contractor employing the certified firm may choose the goal to which the contract value is applied—either MBE or WBE; not both.

Work done by one and the same subcontractor shall be considered, for the purpose of this principle, as work effectively under one subcontract only, in which the subcontractor may be counted toward only one of the goals, but not toward both.

H. MBE/WBE Controlled Firms

If the Bidder or Proposer is a certified MBE most of the total contract value can be counted toward the fulfillment of the MBE goal and similarly, if a WBE is the Bidder or Proposer, most of the total contract value can be counted toward the fulfillment of the WBE goal. However, MBE Bidders/Proposers must obtain a certified WBE subcontractor and a WBE Bidder/Proposer must obtain a certified MBE subcontractor to meet the respective goals.

Additionally, if a firm is certified as both an MBE and WBE, they can only use one of the certification statuses to fulfill one of the goals; not both.

MBE and WBE Bidder/Proposers must submit a Schedule C-1 which outlines their intent to subcontract any portion of their work they do not plan to self-perform.

Moreover, an MBE or WBE Bidder/Proposer must submit a Schedule A, Schedule C(s) for MBE or WBE subcontractors, and certification letters for themselves and any other MBE or WBE they may be utilizing on the contract.

I. Counting Total Dollar Value of Eligible Joint Ventures

A Contractor may count toward its MBE or WBE goal the portion of the total dollar value of a contract with an eligible joint venture equal to the percentage of the ownership and control of the MBE or WBE partner in the joint venture. A joint venture seeking to be credited for MBE participation may be formed among certified MBE and WBE firms, or between certified MBE and WBE firms and a non-MBE/WBE firm. A joint venture satisfies the eligibility standards of this Plan if the certified MBE or WBE participant of the joint venture:

1. Shares in the ownership, control, management responsibilities, risks and profits of the joint venture; and
2. Is responsible for a clearly defined portion of work to be performed in proportion to the certified MBE or WBE ownership percentage.

A Schedule C-2 and Joint Venture agreement must be submitted to support utilizing an MBE or WBE as a Joint-Venture participant.

6.2 A Contractor may count toward its MBE/WBE goal the following expenditures to certified firms that are not manufacturers or regular dealers:

A. Fees or Commissions For Providing Services

The fees or commissions charged for providing a bona fide service, such as professional, technical, consultant or managerial services and assistance in the procurement of essential personnel, facilities, equipment, materials or supplies required for performance of the contract, provided that the fee or commission is determined by the Office of M/WBE Contract Compliance to be reasonable and not excessive as compared with fees customarily allowed for similar services.

B. Fees For Delivering Materials and Supplies

The fees charged for delivery of materials and supplies required on a job site (but not the cost of the materials and supplies themselves) when the hauler, trucker, or delivery service is not also the manufacturer of or a regular dealer in the materials and supplies, provided that the fee is determined by the Office of M/WBE Contract Compliance to be reasonable and not excessive as compared with fees customarily allowed for similar services.

C. Fees or Commissions For Bonds or Insurance

The fees or commissions charged for providing any bonds or insurance specifically required for the performance of the contract, provided that the fee or commission is determined by the Office of M/WBE Contract Compliance to be reasonable and not excessive as compared with fees customarily allowed for similar services.

SECTION 7: CHANGES TO MBE/WBE PARTICIPATION PLAN

7.1 Termination of Scope of Work Not Permitted

After submitting executed MBE and/or WBE sub-agreements to the Office of M/WBE Contract Compliance, the Contractor shall thereafter neither terminate the sub-agreement, nor reduce the scope of the work to be performed by the certified MBE or WBE firm, nor decrease the price to the MBE or WBE firm, without in each instance receiving the prior written approval of the Office of M/WBE Contract Compliance.

7.2 Substitutions

If it becomes necessary to substitute an MBE and/or WBE to fulfill the Contractor's MBE and/or WBE commitments, the Office of M/WBE Contract Compliance must be given reasons justifying the release of prior specific MBE and/or WBE commitments established in the Contractor's bid/proposal in order to review the propriety of the proposed substitution.

A substitution of MBE or WBE firms cannot be made without prior approval from the Office of MBE/WBE Compliance. In addition to the explanation provide above, the approval process must include a revised Schedule A, a Schedule C for the replacement firm(s) and current certification letter(s).

The approval process should also include concurrence from the affected MBE or WBE received either proactively from the Prime Vendor or by the Office of MBE/WBE Compliance.

SECTION 8: WAIVERS of MBE and WBE GOALS

8.1 Inability to Meet Participation Goals

If a Bidder/Proposer is unable to identify certified MBE and WBE firms to perform sufficient work to fulfill the MBE or WBE percentage goals for a contract, the bid/proposal must include a Schedule D (written request for waiver).

Submission of the Schedule D is not an automatic approval of the requested waiver. The approval of the requested waiver will be based, in part by the supporting documentation demonstrating the Bidder/Proposer's inability to obtain sufficient certified MBE and WBE firms, notwithstanding good faith attempts to achieve such participation.

Examples of such good faith efforts may include, but are not limited to, the following:

- a) Attendance at the Pre-bid/proposal conference.
- b) The Bidder/Proposer's general affirmative action policies regarding the utilization of MBE and WBE firms, plus a description of the methods used to carry out those policies.
- c) Advertisement in trade association newsletters and minority-oriented and general circulation media for specific sub-bids/proposals.
- d) Timely notification of specific sub-bids/proposals to minority and women assistance agencies and associations.

- e) Description of direct negotiations with certified MBE and WBE firms for specific sub-bids/proposals, including:
- f) the name, address and telephone number of the certified MBE and WBE firms contacted;
- g) a description of the information provided to certified MBE and WBE firms regarding the portions of the work to be performed; and
- h) the reasons why additional certified MBE and WBE firms were not obtained in spite of negotiations.
- i) A statement of the efforts made to select portions of the work proposed to be performed by certified MBE and WBE firms (such as sub-supplier, transport, engineering, distribution, or any other roles contributing to production and delivery as specified in the Contract) in order to increase the likelihood of achieving such participation.
- j) A detailed statement of the reasons for the Bidder/Proposer's conclusion that each certified MBE and WBE contacted, were not qualified.
- k) Efforts made by the Bidder/Proposer to expand its search for certified MBE and/or WBE firms beyond usual geographic boundaries.
- l) General efforts made to assist MBE and WBE firms to overcome participation barriers.

8.2 **Unacceptable Basis for Waiver Request**

If the bidder/proposer does not meet the MBE/WBE goal, price alone shall not be an acceptable basis for which the bidder may reject a certified MBE/WBE sub-bid/proposal unless the bidder can show to the satisfaction of the Office of M/WBE Contract Compliance that no reasonable price can be obtained from a certified MBE/WBE.

A determination of reasonable price is based on such factors as the estimate for the work under a specific subcontract, the bidder's own estimate for the specific subcontract, and the average of the bona fide prices quoted for the specific subcontract. A bid from a certified MBE/WBE for a subcontract will be presumed to be unreasonable if the MBE/WBE price exceeds the average price quoted by more than 15 percent.

8.3 **Subsequent Waiver by Request of Contractor**

During the performance of a contract, a contractor may request a partial waiver from compliance with its original MBE or WBE proposal for the following reasons:

- a) Due to substantially changed circumstances the contractor is unable to meet the previously stated MBE or WBE goal(s);
- b) Despite every good faith effort on the part of the contractor, it is unable to meet the previously stated MBE or WBE goal(s)

8.4 **Waiver Initiated by City Colleges of Chicago**

The Chancellor or their designee may grant a waiver from MBE or WBE requirements for an individual contract upon a determination that there are insufficient certified MBEs or WBEs available to fulfill such requirements for that particular contract.

A determination by the Chancellor to waive MBE or WBE requirements for an individual contract must be stated in writing, and placed in the appropriate project file.

SECTION 9: REPORTING AND RECORD-KEEPING REQUIREMENTS

9.1 **Execution of Subcontract By Contractor**

The Contractor, within five (5) working days after Contract award, shall execute a formal subcontract or purchase order in compliance with the terms of the Contractor's bid/proposal and MBE and WBE assurances and should be submitted to the Office of MBE/WBE Compliance within three (3) business days if requested by the Office of MBE/WBE Compliance.

In addition, each subcontract between the Bidder/Proposers and any certified MBE or WBE firm performing work on the Contract shall include remedies for non-compliance with the commitment to MBE and WBE participation, including an agreement to pay damages to the certified MBE and WBE firms which were underutilized.

9.2 **Payments to MBE and WBES**

During the performance of the Contract, the Contractor shall file regular MBE and WBE payment reports, on the form entitled "Monthly and Quarterly Report of Payments to MBE and WBE Subcontractors."

Additionally, invoices and/or other documentation must be submitted to the Office of MBE/WBE Compliance within five (5) days upon request to support the utilization of MBEs and WBES.

9.3 **Maintenance of Relevant Records**

The Contractor shall maintain records of all relevant data with respect to the utilization of certified MBE and WBE firms, including without limitation payroll records, tax returns and records, and book of accounts, and retain such records for a period of at least three (3) years after final acceptance of the work. Full access to such records shall be granted to the Office of M/WBE Contract Compliance or its designee, on five (5) business days' notice in order to determine the Contractor's compliance with its MBE and WBE commitments and the status of any certified MBE or WBE firm performing any portion of the Contract.

SECTION 10: NON-COMPLIANCE WITH MBE and WBE PARTICIPATION GOALS

10.1 **Compliance Audits**

Whenever the Office of M/WBE Contract Compliance believes that the contractor or any of its subcontractors may not be operating in compliance with this Plan, it shall conduct an appropriate investigation.

10.2 **Notification regarding Non-compliance**

Upon indications of inadequate compliance or non-compliance, the Office of M/WBE Contract Compliance will notify the contractor and the subcontractor, in writing.

The Office of M/WBE Contract Compliance, the contractor or subcontractor may request an opportunity to meet to discuss MBE/WBE contract compliance. The contractor or subcontractor shall make such request to the Office of M/WBE Contract Compliance in writing within five (5) working days of receiving notice. The meeting shall be scheduled by the Office of M/WBE Contract Compliance at a reasonable date, time and place, with notice to contractor and subcontractor.

10.3 **Determination of non-compliance**

If after notification and subsequent discussions, the Office of M/WBE Contract Compliance determines that a contractor is not meeting or has not met applicable MBE or WBE goals and is not demonstrating or has not demonstrated every good faith to meet the goals, the contractor shall be subject to suitable sanctions as set forth in paragraph 10.3 A (Sanctions) below.

10.4 **MBE and WBE Remedies For Prime Vendor Non-Compliance**

The unexcused reduction of certified MBE or WBE participation in connection with the Contract including any modification thereof, shall entitle the affected certified MBE and WBE firms to payments pursuant to such agreement. Such provisions shall include an undertaking by the Contractor to submit any dispute concerning such damages to binding arbitration by an independent arbitrator, other than the City Colleges of Chicago, with reasonable expenses, including attorneys' fees, being

recoverable by a prevailing certified MBE or WBE. Nothing herein shall be construed to limit the rights of and remedies available to the City Colleges of Chicago.

10.5 **Sanctions for Non-compliance**

A. Terms and Conditions of Plan Applying To All Contracts

The MBE/WBE requirements of these Terms and Conditions shall be incorporated into all of the contracts between City Colleges and its vendors. In addition to any other remedies City Colleges may have, the following apply:

Where the Office of M/WBE Contract Compliance determines the conditions set forth in Section 10.3 above to exist during the term of the contract, the Office of M/WBE Contract Compliance may recommend that the Board suspend or terminate the contract, in whole or in part, and may also declare the contractor ineligible for future contracts for a period of two (2) years.

The Contractor shall be liable to the City Colleges for any consequential damages incurred as a result of suspension or termination of the contract including damages arising either from delay or increased price in securing performance of the work by other contractors, attorney's fees and court cost.

Where the Office of M/WBE Contract Compliance determines the conditions set forth in paragraph 10.3 above to exist at the conclusion of a contract, the Office of M/WBE Contract Compliance may declare the contractor ineligible for future contracts for a period of two (2) years.

If a Contractor has provided false or misleading information in connection with certification, bid or proposal documents, compliance progress reports, or any other aspect of this Plan, the Office of M/WBE Contract Compliance may impose any of the sanction described in paragraph 10.5 (Sanctions) and all its subsections.

If there is a bona fide payment dispute between a Contractor and its certified M/WBE subcontractor for work performed under the Plan, the City Colleges may withhold payment of the disputed amount from the Contractor and place such funds in an interest bearing account pending resolution of the dispute, by judicial or other means.

B. Contractor's Right To Appeal Decision

A contractor shall have the right to appeal a decision from the Office of M/WBE Contract Compliance declaring it ineligible for future City College contracts. Such appeal shall be made to the Chancellor or his/her designee.

C. Sanctions Available To The City Colleges of Chicago

The failure of City Colleges to impose any sanction it may have under this Section shall not be deemed a waiver of its right to impose such a sanction for subsequent violations. The listing of sanctions available to City Colleges in paragraph 10.5 A shall not be deemed to exclude any other sanctions or remedies available at law or in equity.

Diverse Vendor Enterprise Use

Background: Illinois Public Act 099-0462 amended 30 ILCS 575 in August 2015, adding community colleges to the set of institutions required to have aspirational goals for use of Minority Business Enterprises (MBE), Female Business Enterprises (FBE), and Disabled Business Enterprises (DBE). Compliance and reporting is mandated for community colleges beginning with fiscal year 2017.

The law calls for adoption of a policy that identifies a plan and procedures for compliance and reporting. The College must identify a single point of contact for vendor questions, a position responsible for submitting the annual compliance plan to the state's Business Enterprise Council each fall, and the annual utilization report to the Council each spring.

Recommendation: It is recommended that the Rock Valley College Board of Trustees authorize Administration, with the assistance of Business Services, to create new Board Policy *5:10:140 Diverse Vendor Enterprise Use* and develop procedures that are consistent with Illinois Public Act 099-0462, as amended in August 2015.

DIVERSE VENDOR ENTERPRISE USE

Rock Valley College recognizes the importance of increasing the participation of businesses owned by minorities, females, and persons with disabilities in public contracts in an effort to overcome the discrimination and victimization such firms have historically encountered. It is the College's policy to promote the economic development of businesses owned by minorities, females and persons with disabilities by setting aspirational goals to award contracts to businesses owned by minorities, females, and persons with disabilities for certain services as provided by the Business Enterprise for Minorities, Females and Persons with Disabilities Act, 30 ILCS 575 (the Act) and the Business Enterprise Council for Minorities, Females, and Persons with Disabilities.

It is the intent of the State of Illinois that public agencies, including community colleges, aspire to award upwards of 20% of contracts to minority, female, or disabled-owned business enterprises. In support of this policy, the College shall establish and maintain procedures such that the institution operates in accordance with the Act.

**ROCK VALLEY COLLEGE PROCEDURES
DIVERSE VENDOR ENTERPRISE USE**

The office of Business Services shall be the liaison between Rock Valley College and the Enterprise Council for Minorities, Females, and Persons with Disabilities (the Council). Business Services will oversee the planning and reporting required under state statute 30 ILCS 575.

I. Aspirational Goals:

The College shall have the following aspirational goals for awarding contracts to businesses owned by minorities, females, and persons with disabilities:

1. Construction Contracts. The College shall have an aspirational goal to award twenty percent (20%) of the total dollar amount of contracts for the repair, remodeling, renovation or construction of a building or structure (“Construction Contracts”) to qualified businesses owned by minorities and females. The College shall also have an aspirational goal that fifty percent (50%) of the total dollar amount of Construction Contracts awarded to qualified minority and female owned businesses shall be awarded to female owned businesses.
2. Professional Services Contracts. The College shall have an aspirational goal to award twenty percent (20%) of the total, collective dollar amount of contracts for insurance services, investment services, information technology services, accounting services, architectural and engineering services, and legal services (“Professional Services Contracts”) to qualified businesses owned by minorities, females and persons with disabilities. The definitions of these professional services shall be in accordance with 30 ILCS 575/4f (1) (d).
3. College Contracts. The College shall have an aspirational goal to award twenty percent (20%) of the total dollar amount of all contracts entered into by the College (“College Contracts”), except those contracts identified above, to qualified businesses owned by minorities, females and persons with disabilities. The College shall also have an aspirational goal that of the total dollar amount of all College Contracts awarded to qualified businesses owned by minorities, females, and persons with disabilities, at least eleven percent (11%) shall be awarded to businesses owned by minorities, at least seven percent (7%) shall be awarded to female owned businesses, and at least two percent (2%) shall be awarded to businesses owned by persons with disabilities.

II. Compliance Procedures:

1. Maintenance of Records. Business Services shall maintain a copy of the Business Enterprise Council’s list of certified businesses owned by minorities, females and persons with disabilities or shall have knowledge of the public availability of said list, and shall be responsible for providing the list or information about the list to any contractors and/or vendors upon request.

2. Subcontractors and Suppliers. The College's aspirational goals, as set forth above, are based on the total dollar amounts awarded to businesses owned by minorities, females, and persons with disabilities. All funds awarded to any certified subcontractors and/or suppliers shall be included for the College's aspirational goals, so long as the expenditures are direct, necessary, and proximately related to the work or service of the contract.
3. Good Faith Effort Procedures. If a bidder cannot meet the contract's aspirational goal, the bidder must document in the utilization plan its good faith efforts that could reasonably have been expected to meet the goal. The College shall consider the quality, quantity, and intensity of the bidder's efforts, and may evaluate the bidder's:
 - a. Solicitation through all reasonable and available means of certified subcontractors, suppliers, and/or vendors that have the capability to perform the work required by the contract. The bidder must solicit this interest to give certified businesses sufficient time to respond to the solicitation, must provide adequate information about the plans, specifications, and contract requirements in a timely manner, and must take appropriate steps to follow up on initial solicitations.
 - b. Use of resources from the College, the Business Enterprise Council, and any other business or community groups that provide assistance in the recruitment and placement of certified businesses.
 - c. Selection of portions of the contract work to be performed by certified vendors to increase the likelihood that the goal will be achieved. This includes, where appropriate, breaking out contract work items or services into economically feasible units to facilitate participation by certified businesses, even when the bidder might otherwise prefer to perform the work or services with its own employees.
 - d. Negotiation in good faith with interested certified businesses. In order to show good faith efforts, the bidder's utilization plan shall include the names, addresses, and telephone numbers of certified businesses that were considered, and an explanation for why an agreement could not be reached.
 - e. Thorough investigation of the capabilities of certified businesses and not rejecting them as unqualified without sound reasons.
 - f. Efforts to assist interested certified businesses in obtaining contract required lines of credit, insurance, equipment, supplies, materials, or other related assistance or services.
4. Exemptions and Waivers.
 - a. Individual Contract Exemptions. In the event that the College determines that there is an insufficient number of businesses owned by minorities, females and persons with disabilities to ensure adequate competition and an expectation of reasonable prices on bids or proposals solicited for a specific contract, the College may make a written request to the Business Enterprise Council, based on the best information available at the time, requesting an exemption for that individual contract or contract package, in whole or in part. The Business

Enterprise Council shall make the determination with respect to granting the exemption. The determination shall be made prior to the advertisement for bids or solicitation of bids.

- b. Class Exemptions. In the event that the College determines that there is an insufficient number of businesses owned by minorities, females and persons with disabilities to ensure adequate competition and an expectation of reasonable prices on bids or proposals solicited for an entire class of contracts, the College may make a written request to the Business Enterprise Council, based on the best information available at the time, requesting an exemption for that entire class of contracts. The Business Enterprise Council shall make the decision with respect to granting the exemption.

III. Compliance Plans:

The office of Business Services shall submit a compliance plan to the Council annually in October. This plan shall include:

- The College's policy statement.
- Designation of the liaison.
- An outline of the fiscal year goals for contracting with MBE/FBE/DBE vendors.
- The action plan for reaching these goals. Actions may include advertising with trade associations, service organizations, minority newspapers and other appropriate media, and other organizations focused on the needs of businesses owned by minorities, females and persons with disabilities to alert potential contractors and suppliers of opportunities.
- A timetable for reaching the goals.
- The process for tracking vendors certified by the Business Enterprise Council for Minorities as MBE/FBE/DBE vendors.
- The Compliance Procedures identified above in Section II.

IV. Annual Utilization Report:

The office of Business Services shall submit a utilization report to the Council annually prior to March 1 of that year with fiscal year-to-date figures showing the degree to which certified vendors have been utilized. The report shall conform to the requirements set forth by the Council and, if permitted by the Council, shall be included on forms provided by the Illinois Community College Board. The report shall:

- Identify Rock Valley College District 511 and the appointed liaison for the institution.
- Include a copy of the policy statement.
- Include actions taken during the fiscal year to increase the use of MBE/FBE/DBE vendors.
- State any recommendations from the Council to the College for increasing the use of MBE/FBE/DBE vendors.
- Include a listing of MBE/FBE/DBE vendors used during the fiscal year, with total expenditures for each vendor.
- Include a list of certifications recognized by the College for determining whether a business is

- owned or controlled by a minority, female, or person with disability.
- Identify the total:
 - (i) amount of dollars that apply to the College’s aspirational goals for Construction Contracts, Professional Services Contracts, and College Contracts as defined in the College’s Aspirational Goals;
 - (ii) amount of dollars for College Construction Contracts, Professional Services Contracts, and College Contracts that were awarded to businesses owned by minorities, females, and persons with disabilities; and
 - (iii) number of contracts entered into for College Construction Contracts, Professional Services Contracts, and College Contracts.
 - Include a self-evaluation of the College’s efforts to meet its Aspirational Goals

Notification of the policy, procedures, and aspirational goals to increase participation of MBE/FBE/DBE vendors will be posted to the Rock Valley College website. Documentation of the policy and procedures will be available on request from the office of Business Services. Text noting the aspirational goals for participation of MBE/FBE/DBE vendors shall be added to the invitations to bid and requests for quote or proposal as outlined in state statute 30 ILCS 575.

Vendor certification as an MBE, FBE, or DBE vendor is handled by the Business Enterprise Council for Minorities (the Council). Vendors will work directly with the Council to apply for recognition and only vendors that have successfully completed the certification process at the time of contract award will be considered as contributing to the aspirational goal. To aid in tracking and reporting, Business Services will flag vendor records on the College’s enterprise system as vendors are confirmed certified with the Council.

Narrative items 7 & 8

Illinois Central College District #514

7) College Policy concerning Certified Vendors:

Illinois Central College promotes competitive and unbiased purchasing and contracting practices and follows all applicable rules and regulations as outlined in Section 3-27.1 of the Public Community College Act and applicable sections of the Illinois Governmental Ethics Act.

Illinois Central College further recognizes the importance of increasing the participation of businesses owned by minorities, females, and persons with disabilities in public contracts. It is the College's policy to promote the economic development of businesses owned by minorities, females, and persons with disabilities as outlined by the Business Enterprise for Minorities, Females, and Persons with Disabilities Act, 30 ILCS 575/0.01 et seq. The Finance Department monitors and reviews the College's compliance with said acts and provides purchasing and contracting guidelines.

8) Specific Outreach Efforts to Increase the Use of Certified Vendors:

Illinois Central College is committed to increasing the use of certified vendors and we employ the following outreach efforts to accomplish this goal:

- We use the Illinois Central Management Services BEP Certification Compliance Portal, <https://cms.diversitycompliance.com/>, to identify certified vendors in which to send notices of procurement opportunities, bids, and requests for proposals. In addition, we post on our intranet a list of BEP certified businesses that are located within our district and/or that have registered with the Purchasing Department for College buyers to utilize.
- We employ outreach mailings to encourage vendors doing business with the College to certify with the BEP Program and provide information on how to apply to the program.
- We participate in events with targeted outreach to diverse businesses for purposes of networking with prospective minority, female, and disabled-owned business owners.
- We have a purchasing presence on the College website that includes information on doing business with the College and becoming certified with the State of Illinois Business Enterprise Program. We post requests for bids, proposals, and qualifications on the website in addition to advertising in the newspaper.

- We support key administrative and staff members to attend and participate in training sessions, workshops, conferences, and seminars dealing with procurement through qualified minority, female, and persons with disability-owned businesses.
- We reached out to 733 current vendors via mail campaign requesting information in order to identify businesses' owned by minorities, females, and persons with disabilities that are not yet certified with the State of Illinois. In addition to collecting information from the vendors, the campaign also encouraged those businesses to certify with the State of Illinois and provided links to the BEP website.
- We have committed to participate in a government purchasing diversity event sponsored by the City of Peoria and ECHO in the spring of 2018. This event will provide the opportunity to network with DBE, MBE, FBE, FMB, and Veteran-owned local businesses.
- We attended the Illinois State Black Chamber of Commerce 12th Annual Convention on August 10, 2017 to make connections and build vendor relationships with certified and non-certified businesses owned by minorities and females.
- We are attending the 2017 Construction Summit hosted by the University of Illinois System as an exhibitor. This event will expand our vendor database by providing resources to encourage Architects, Engineers, Design Professionals and Contractor to participate in our procurement process.
- We are collaborating with community partners including the Illinois State Black Chamber of Commerce, NAACP, and the Peoria Black Business Alliance to build a minority outreach program to expand our vendor database and facilitate the introduction of DBE, MBE, FBE, FMB, and Veteran-owned businesses to College procurement decision makers.
- We require inclusive selection committees for all professional services proposal evaluation processes.
- We conduct training for employees selected to serve on an evaluation committee to advise of fair proposal evaluation procedures.
- We have developed internal reporting parameters and reporting formats to provide reporting for administrative review and to guide supplier diversity efforts.
- We provide purchasing staff availability in person, by phone, or through email to hold meetings with and assist potential DBE, MBE, FBE, FMB, and Veteran-owned vendors.

Policy Statement

The steps and procedures to reach the goals

1. It is the College's policy to promote the economic development of businesses owned by minorities, females, and persons with disabilities shall be furthered by complying with the Business Enterprise for Minorities, Females, and Persons with Disabilities Act, 30 ILCS 575/0.01, *et seq.* (the "Act") and by coordinating and cooperating with the Business Enterprise Council for Minorities, Females and Persons with Disabilities. To that end the College shall:
 - 1.1. Utilize Certified Business Enterprise Contractors. In determining whether a business is owned by a minority, female, or person with disabilities, the College shall require the business to provide proof of certification by the Business Enterprise Council, an entity delegated the authority to make certifications by the Business Enterprise Council, or by a state agency with statutory authority to make such a certification, that the business entity is owned by a minority, female, or person with a disability, or by submitting an ownership affidavit provided by the College.

- 1.2. Utilize Certified Business Enterprise Subcontractors and Suppliers. The College's aspirational goals, as set forth above, are based on the total dollar amounts awarded to businesses owned by minorities, females, and persons with disabilities. All funds awarded to any certified subcontractors and/or suppliers shall be included for the College's aspirational goals, so long as the expenditures are direct, necessary, and proximately related to the work or service of the contract.
- 1.3. Evaluate Contracts to Facilitate Aspirational Goals. These procedures shall not eliminate, alter, reduce, alleviate or modify in any way the College's procedures for purchasing. However, in addition to the College's purchasing procedures, the College shall evaluate all contracts, except those subject to federal reimbursement, to determine whether the bidder or contracting party assists the College in meeting its aspirational goals as set forth above, and increase the participation of businesses owned by minorities, females, and persons with disabilities in contracts with the College.
- 1.4. Indicate the following Bidding Requirements in competitive Bids.
 - 1.4.1. Bid Documents. When the College procedures and/or state law require the College to competitively bid a contract, the College shall state in its bid documents the College's aspirational goal for the contract. The College's bid documents shall also require each bid submitted for a contract to include:
 - 1.4.1.1. The bidder's name,
 - 1.4.1.2. The bid amount, and
 - 1.4.1.3. A business enterprise program utilization plan indicating the percentage of disadvantaged businesses that will be awarded by the bid.
 - 1.4.2. Lowest, Responsive and Responsible Bidder. As required by state law and the College's purchasing procedures, the College shall award contracts subject to state public bidding requirements to the lowest, responsive and responsible bidder. A bidder's failure to complete a utilization plan or submit necessary certifications shall be an issue of "responsiveness" which may make the bidder ineligible to receive the contract. In awarding contracts, the College shall also consider that the definition of "lowest responsible bidder" is broader than "lowest bidder" or "financially responsible", and that in proper circumstances, certain public interests can be considered as "responsible" in the College's discretion as allowed by applicable state laws, rules or regulations.
 - 1.4.3. Opportunity to Cure. In the event that a bidder offers the lowest, responsive and responsible bid but fails to meet the contract's aspirational goals, the College shall notify the bidder of this deficiency and give the bidder no more than ten (10) days to cure that deficiency. The College may provide the bidder with sufficient information necessary to obtain the Business Enterprise Council's list of certified businesses owned by minorities, females and persons with disabilities. The bidder may only cure this deficiency by subcontracting with businesses that are certified as provided in these procedures.
 - 1.4.4. Award of Contract. If the College determines that the bidder is the lowest, responsive and responsible bidder and has either met the contract's aspirational goals or has made a good faith effort to meet the goal, the College may award the

contract to the bidder. The College shall have the right to reject all bids and re-bid the contract in its sole discretion.

- 1.4.5. Incorporation into Contract. The successful bidder's utilization plan shall become part of the awarded contract and shall not be modified or amended without the College's written consent.

Delineation of separate contract goals for businesses owned by minorities, females, and persons with disabilities

1. Aspirational Goals. The College shall have the following aspirational goals for awarding contracts to businesses owned by minorities, females, and persons with disabilities:
 - 1.1. Construction Contracts. The College shall have an aspirational goal to award twenty percent (20%) of the total dollar amount of contracts for the repair, remodeling, renovation or construction of a building or structure ("Construction Contracts") to qualified businesses owned by minorities and females. The College shall also have an aspirational goal that fifty percent (50%) of the total dollar amount of Construction Contracts awarded to qualified minority and female owned businesses shall be awarded to female owned businesses.
 - 1.2. Professional Services Contracts. The College shall have an aspirational goal to award twenty percent (20%) of the total, collective dollar amount of contracts for insurance services, investment services, information technology services, accounting services, architectural and engineering services, and legal services ("Professional Services Contracts") to qualified businesses owned by minorities, females and persons with disabilities. The definitions of these professional services shall be in accordance with 30 ILCS 575/4f(1)(d).
 - 1.3. College Contracts. The College shall have an aspirational goal to award twenty percent (20%) of the total dollar amount of all contracts entered into by the College ("College Contracts"), except those contracts identified above, to qualified businesses owned by minorities, females and persons with disabilities. The College shall also have an aspirational goal that of the total dollar amount of all College Contracts awarded to qualified businesses owned by minorities, females, and persons with disabilities, at least eleven percent (11%) shall be awarded to businesses owned by minorities, at least seven percent (7%) shall be awarded to female owned businesses, and at least two percent (2%) shall be awarded to businesses owned by persons with disabilities.

Proposed timetable for reaching the goals

The effort to collect data and encourage the use of disadvantaged contractors shall begin immediately.

At this time, we have no data from which to make any assumptions or plans. This makes setting a time table difficult at best. Once data has been compiled and a baseline is established, we can then apply the resources necessary to achieve the goals and set a timetable. I expect this will take approximately six months.

Procedures to distribute to potential contractors and vendors a list of all certified businesses legitimately classified as businesses owned by minorities, females, and persons with disabilities

1. List of certified vendors shall be available from the office of the Comptroller on the Campus of Lake Land College, Luther Student Center, office 014, phone (217) 234-5375/(217) 234-5223, mbailey1292@lakelandcollege.edu.

Procedures to assure that contractors and vendors make good faith efforts to meet the contract goals

1. Good Faith Effort Procedures. If the bidder cannot meet the contract's aspirational goal, the bidder must document in the utilization plan its good faith efforts that could reasonably have been expected to meet the goal. The College shall consider the quality, quantity, and intensity of the bidder's efforts, and may evaluate the bidder's:
 - 1.1. Solicitation through all reasonable and available means of certified subcontractors, suppliers, and/or vendors that have the capability to perform the work required by the contract. The bidder must solicit this interest to give certified businesses sufficient time to respond to the solicitation, must provide adequate information about the plans, specifications, and contract requirements in a timely manner, and must take appropriate steps to follow up initial solicitations.
 - 1.2. Use of resources from the College, the Business Enterprise Council, and any other business or community groups that provide assistance in the recruitment and placement of certified businesses.
 - 1.3. Selection of portions of the contract work to be performed by certified vendors to increase the likelihood that the goal will be achieved. This includes, where appropriate, breaking out contract work items or services into economically feasible units to facilitate participation by certified businesses, even when the bidder might otherwise prefer to perform the work or services with its own employees.
 - 1.4. Negotiation in good faith with interested certified businesses. In order to show good faith efforts, the bidder's utilization plan shall include the names, addresses, and telephone numbers of certified businesses that were considered, and an explanation for why an agreement could not be reached.
 - 1.5. Thorough investigation of the capabilities of certified businesses and not rejecting them as unqualified without sound reasons.
 - 1.6. Efforts to assist interested certified businesses in obtaining contract required lines of credit, insurance, equipment, supplies, materials, or other related assistance or services.

Procedures for contract goal exemption, modification and waiver

1. Individual Contract Exemptions. In the event that the College determines that there is an insufficient number of businesses owned by minorities, females and persons with disabilities to ensure adequate competition and an expectation of reasonable prices on bids or proposals solicited for a specific contract, the College may make a written request to the Business Enterprise Council, based on the best information available at the time, requesting an exemption for that individual contract or contract package, in whole or in part. The

Business Enterprise Council shall make the determination with respect to granting the exemption. The determination shall be made prior to the advertisement for bids or solicitation of bids.

2. Class Exemptions. In the event that the College determines that there is an insufficient number of businesses owned by minorities, females and persons with disabilities to ensure adequate competition and an expectation of reasonable prices on bids or proposals solicited for an entire class of contracts, the College may make a written request to the Business Enterprise Council, based on the best information available at the time, requesting an exemption for that entire class of contracts. The Business Enterprise Council shall make the decision with respect to granting the exemption.

Annual Report

The College shall file an annual report with the Business Enterprise Council of its utilization of businesses owned by minorities, females, and persons with disabilities during the preceding fiscal year and a mid-fiscal year report of its utilization to date for the then current fiscal year. The annual report shall also include a self-evaluation of the College's efforts to meet its goals.

SUPPLEMENTARY CONDITIONS

PART 1 GENERAL

1.25 BUSINESS ENTERPRISE FOR MINORITIES, FEMALES, AND PERSONS WITH DISABILITIES ACT

- A. On August 25, 2015, Governor Rauner signed into law the Business Enterprise for Minorities, Females, and Persons with Disabilities Act (30 ILCS 575), effective immediately. The Act stipulates certain requirements regarding the use of businesses owned by minorities, females and persons with disabilities for the procurement of goods and services by State agencies, universities, and community colleges.
- B. The College recognizes the importance of increasing the participation of businesses owned by minorities, females and persons with disabilities in public contracts in an effort to overcome the discrimination and victimization such firms have historically encountered. It is the College's policy to promote the economic development of businesses owned by minorities, females and persons with disabilities by setting aspirational goals to award contracts to businesses owned by minorities, females, and persons with disabilities for certain services as provided by the Business Enterprise for Minorities, Females and Persons with Disabilities Act, 30 ILCS 575/0.01 et seq. (the "Act") and the Business Enterprise Council for Minorities, Females, and Persons with Disabilities (the "Council").
- C. Certified Business Enterprise Contractors
 1. In determining whether a business is owned by a minority, female, or person with disabilities, the College shall require the business to provide proof of certification by the Business Enterprise Council, an entity delegated the authority to make certifications by the Business Enterprise Council, or by a state agency with statutory authority to make such a certification, that the business entity is owned by a minority, female, or person with a disability, or by submitting an ownership affidavit provided by the College.
- D. Subcontractors and Suppliers
 1. The College's aspirational goals are based on the total dollar amounts awarded to businesses owned by minorities, females, and persons with disabilities. All funds awarded to any certified subcontractors and/or suppliers shall be included for the College's aspirational goals, so long as the expenditures are direct, necessary, and proximately related to the work or service of the contract.

E. Evaluation of Contracts to Facilitate Aspirational Goals

1. These procedures shall not eliminate, alter, reduce, alleviate or modify in any way the College's procedures for purchasing. However, in addition to the College's purchasing procedures, the College shall evaluate all contracts, except those subject to federal reimbursement, to determine whether the bidder or contracting party assists the College in meeting its aspirational goals as set forth above, and increase the participation of businesses owned by minorities, females, and persons with disabilities in contracts with the College.

F. Bidding Requirements.

1. Bid Documents

- a. When the College procedures and/or state law require the College to competitively bid a contract, the College shall state in its bid documents the College's aspirational goal for the contract. The College's bid documents shall also require each bid submitted for a contract to include: (i) the bidder's name, (ii) the bid amount, and (iii) a business enterprise program utilization plan indicating the percentage of disadvantaged businesses that will be awarded by the bid.

2. Lowest, Responsive and Responsible Bidder

- a. As required by state law and the College's purchasing procedures, the College shall award contracts subject to state public bidding requirements to the lowest, responsive and responsible bidder. A bidder's failure to complete a utilization plan or submit necessary certifications shall be an issue of "responsiveness" which may make the bidder ineligible to receive the contract. In awarding contracts, the College shall also consider that the definition of "lowest responsible bidder" is broader than "lowest bidder" or "financially responsible", and that in proper circumstances, certain public interests can be considered as "responsible" in the College's discretion as allowed by applicable state laws, rules or regulations.

3. Opportunity to Cure

- a. In the event that a bidder offers the lowest, responsive and responsible bid but fails to meet the contract's aspirational goals, the College shall notify the bidder of this deficiency and give the bidder no more than ten (10) days to cure that deficiency. The College may provide the bidder with sufficient information necessary to obtain the Business Enterprise Council's list of certified businesses owned by minorities, females and persons with disabilities. The bidder may only cure this deficiency by subcontracting with businesses that are certified as provided in these procedures.

4. Good Faith Effort Procedures

- a. If the bidder cannot meet the contract's aspirational goal, the bidder must document in the utilization plan its good faith efforts that could reasonably have been expected to meet the goal. The College shall consider the quality, quantity, and intensity of the bidder's efforts, and may evaluate the bidder's:

- i) Solicitation through all reasonable and available means of certified subcontractors, suppliers, and/or vendors that have the capability to perform the work required by the contract. The bidder must solicit this interest to give certified businesses sufficient time to respond to the solicitation, must provide adequate information about the plans, specifications, and contract requirements in a timely manner, and must take appropriate steps to follow up initial solicitations.
- ii) Use of resources from the College, the Business Enterprise Council, and any other business or community groups that provide assistance in the recruitment and placement of certified businesses.
- iii) Selection of portions of the contract work to be performed by certified vendors to increase the likelihood that the goal will be achieved. This includes, where appropriate, breaking out contract work items or services into economically feasible units to facilitate participation by certified businesses, even when the bidder might otherwise prefer to perform the work or services with its own employees.
- iv) Negotiation in good faith with interested certified businesses. In order to show good faith efforts, the bidder's utilization plan shall include the names, addresses, and telephone numbers of certified businesses that were considered, and an explanation for why an agreement could not be reached.
- v) Thorough investigation of the capabilities of certified businesses and not rejecting them as unqualified without sound reasons.
- vi) Efforts to assist interested certified businesses in obtaining contract required lines of credit, insurance, equipment, supplies, materials, or other related assistance or services.

5. Award of Contract

- a. If the College determines that the bidder is the lowest, responsive and responsible bidder and has either met the contract's aspirational goals or has made a good faith effort to meet the goal, the College may award the contract to the bidder. The College shall have the right to reject all bids and re-bid the contract in its sole discretion.

6. Incorporation into Contract

- a. The successful bidder's utilization plan shall become part of the awarded contract and shall not be modified or amended without the College's written consent.

5.031 Use of Businesses Owned by Minorities, Females, and Persons with Disabilities
(Adopted 10/25/16)

In accordance with 30/ILCS 575/1, Highland Community College will develop, implement, and maintain a plan for contracting with businesses owned by minorities, females, and persons with disabilities. Highland Community College will establish a liaison officer, establish annual aspirational goals, and to the greatest extent feasible within the bounds of financial and fiduciary prudence, develop, implement, and maintain procedures to support the utilization of businesses owned by minorities, females, and persons with disabilities.

Item #8. Specific outreach efforts to increase the use of Certified Vendors

Highland Community College directly solicited (via letter) current vendors for information regarding certification in the categories outlined in the Business Enterprise Program. In addition, new vendors are directly solicited for information regarding certification in the categories outlined in the Business Enterprise Program. The College liaison has become familiar with contact information and general processes at the agencies from which certification will be recognized: Department of Central Management Services, Chicago Minority Business Development Council, Illinois Department of Transportation, and Women's Business Development Center. This will allow the College to provide relevant information to current or future vendors wishing to pursue certification.

Upon approval of the College's Board of Trustees, the new College policy 5.031, Use of Businesses Owned by Minorities, Females, and Persons with Disabilities, was communicated to all college employees. Procedures were developed and shared with staff involved in purchasing decisions. In addition, training on the requirements of the College policy 5.031 and State of Illinois law 30/ILCS 575/1, as well as the CMS registry was provided to all staff involved in purchasing decisions.

College bid and request for proposal documentation were updated to reflect College policy 5.031 and State of Illinois law 30/ILCS 575/1. Procedures were established to identify certified vendors upon engagement for work with the College and within the College's accounting system in order to support reporting requirements. Those vendors who coordinate work between the College and other vendors, such as architects, were communicated with directly, via email, letter, and or in person, in order for the College liaison to provide information and processes for outreach efforts.

8. Specific outreach efforts to increase the use of certified vendors (*Provide a separate narrative as an attachment*)

In order to solicit new vendors, an ad was placed in our local newspapers inviting BEP vendors to contact the college's BEP liaison. All interested vendors were sent our vendor information form which includes instructions on how become certified with CMS (Central Management Services). Once the vendor completed and returned the form to the liaison, the vendor's information was shared with the appropriate departments and added to appropriate bidder's list. Our bid, quotes, and RFP forms now inquires whether a business is owned by one of the BEP groups and includes information and the link to become certified if the business is not currently registered with CMS. In the coming year, all new vendors will be sent our vendor information form where they can identify if they are a member of one of the BEP groups and information on how to become certified.

DISTRICT 521 FY 18 – NARRATIVE 8

Outreach Efforts to be conducted in FY 2018 to Increase Use of Certified Vendors

1. The College plans to develop a form letter to be sent to all current vendors (all vendors who received payment in FY 2017) and future vendors encouraging them to become certified with the Illinois Department of Central Management if they meet the qualifications for a minority, woman, or person with disability owned business. In addition, vendors will be asked to certify to the College if they qualify or do not qualify as a minority, woman, or person with disability owned business. The College will verify certification using the CMS portal.
2. The College will place an advertisement in local paper(s) to encourage vendors within our area to seek certification if they qualify as a minority, woman, or person with disability owned business. The College has reached out to the other community colleges within our area to explore the option of sharing in publication costs for these ads.
3. The College will make changes to the bid process and to the forms used as part of the bid specification documents to address the process of registration for the vendor/contractor and the requirements that successful vendors/contractors will be place for reporting of sub-contractors and percentage of minority, woman, or person with disability owned businesses involved in projects.

Policy – Purchasing Diversity

Pursuant to the Business Enterprise for Minorities, Females and Persons with Disabilities Act, Illinois Eastern Community College District #529 will develop aspirational goals which promote and encourage the continuing economic development of minority, female owned, and persons with disabilities operated businesses.

It is the policy of Illinois Eastern Community College District #529 to provide opportunities for minorities, females and persons with disabilities to share in the total expenditures of state contracts, construction contracts, and professional service contracts. No potential vendor will be excluded from consideration on the basis of race, color, religion, sex, age or national origin.

Community College Business Enterprise Program FY 2017 Annual Report

Illinois Eastern Community College District # 529

Question 8 – Outreach Efforts

These outreach efforts provide methods and include aspirational goals which promote and encourage the continuing economic development of minority, female owned, and persons with disabilities operated businesses (BEP Vendors).

- A. The Business Officer of each college is responsible for carrying out these efforts at the college level and coordinating the results with the District's Director of Financial Operations. The Director of Financial Operations is the liaison to the Business Enterprise Council and serves as the contact person for BEP Vendors who do or wish to do business with the colleges.
- B. For single purchases over \$10,000, the college Business Officer, before approving the Banner requisition and Purchase Order, shall find BEP Vendors on the CMS website (<http://www.illinois.gov/cms/business/sell2/Pages/VendorSearch.aspx>) and solicit quotes from the certified BEP Vendor for the purchase.
 - 1. A Good Faith Effort Log is completed to document outreach efforts and record outcomes. A good faith effort should be logged each time a request is warranted. All efforts should be logged, both successful and non-successful efforts.
 - 2. Monthly, the college Business Officers report their efforts to the liaison.
 - 3. The liaison compiles the Business Officer efforts into one District Good Faith Effort Report.
- C. Contractors shall provide the District with BEP Vendor or Veteran Small Business information for subcontractors, if any services were subcontracted.
- D. Outreach efforts to increase certified BEP Vendors utilization also includes placing Sell 2 Illinois information on the District's website.
- E. The District has targeted both current vendors and future vendors to identify those that might qualify as BEP businesses. For current vendors we mailed new vendor applications which included information regarding minority owned, female owned, and persons with disabilities owned businesses and we encouraged them to register if qualified. For new vendors our standard application now includes information regarding minority owned, female owned, and persons with disabilities owned businesses and we encouraged them to register if qualified.
- F. Aspirational goals:

State Contracts – The goal is to award BEP Vendors 20% of the total dollar amount of state contracts, with an 11% goal of awarding to businesses owned by minorities, 7% female owned, and 2% persons with disabilities owned.

Construction Contracts – The goal is to award BEP Vendors 20% of the total dollar amount of construction contracts, with a 50% goal of this amount being awarded to minority and female owned businesses.

Professional Services – The goal is to award BEP Vendors 20% of the total dollar amount of professional services contracts (collectively) to businesses owned by minorities, females, or persons with disabilities.

The College recognizes the importance of increasing the participation of businesses owned by minorities, females and persons with disabilities in public contracts. It is the College's policy to promote the economic development of disadvantaged business enterprises by setting aspirational goals to award contracts to businesses owned by minorities, females, and persons with disabilities for certain services as provided by the Business Enterprise for Minorities, Females and Persons with Disabilities Act ("Act"), 30 ILCS 575/0.01 et seq. and the Business Enterprise Council ("Council") for Minorities, Females, and Persons with Disabilities which serves to implement, monitor, and enforce the goals of the Act.

In support of this policy, the College makes a commitment to utilize qualified minority, female and persons with disability owned businesses to the greatest extent feasible within the bounds of financial and fiduciary prudence and to take affirmative steps to remove any barriers to the full participation of such firms in the procurement and contracting opportunities afforded. The College will support key administrative and staff members to attend and participate in training sessions, workshops, conferences and seminars dealing with procurement through qualified minority, female and persons with disability-owned businesses in compliance with the Act.

In furtherance of the above:

1. The College is committed to meeting the requirements of the Act, of establishing aspirational goals to award 20% of contracts to businesses owned by minorities, females and persons with disabilities, and pursuing good faith efforts to meet such goals.
2. College administration has the responsibility to develop policies, plans and implementation procedures to achieve the goals of the Act.
3. The College President shall appoint the Director of Purchasing and Auxiliary Services or other designee as a liaison to the Council with all duties for such position as set forth in the Act.

Narrative 7

**BUSINESS ENTERPRISE FOR MINORITIES,
FEMALES, AND PERSONS WITH DISABILITIES**

7154B

Pursuant to 30 ILCS 575/ Shawnee Community College will act in such a way to promote and encourage the continuing economic development of minority, female owned, and persons with disabilities operated businesses. As a way of measuring our efforts and commitments to this purpose, the College sets the following as aspirational goals for the awarding of construction, professional service, and state contracts:

Type of Contract	Total % of MFD Contracts (Measured in dollar amounts not the number of contracts)	Minority Owned Businesses	Female Owned Businesses	Persons With Disabilities Owned Businesses
State Contracts	20%	11%	7%	2%
Construction Contracts	20%	At least 50% of the total minority and female owned		
Professional Services Contracts	20% collectively			

The college directs the participation of all departments in seeking out and taking necessary steps to ensure that minority, female, and persons with disabilities owned businesses are afforded economic opportunities provided by the college.

Pursuant to 110 ILCS 805/8-27, contracts for the purchase of supplies, materials, or work exceeding \$25,000 must be awarded to the lowest responsible bidder. In an effort to balance our commitment to this purpose with the need to be good stewards of local taxpayer monies, the College will evaluate bids based upon financial concerns first and foremost but will make consideration for qualified businesses.

Coordination of this policy will be vested in the college's purchasing/AP department; however, the commitment to this program is college-wide and all departments shall contribute to its success.

532FY17 BEP NARRATIVE 7

PROCUREMENT

Policy 712 – Revised - Second Reading

Pursuant to State of Illinois Business Enterprise for Minorities, Females and Persons with Disabilities Act (30 ILCS 575/0.01 et seq.), as recently amended to include Illinois community colleges, universities and colleges are required to establish specific Disadvantage Business Enterprise (DBE) goals and annually report actual results to the Illinois Business Enterprise Council for Minorities, Females, and Persons with Disabilities (the Council). Illinois community colleges were not required to make any utilization reports for fiscal year 2015 or fiscal year 2016, but shall make the utilization reports starting in fiscal year 2017 and beyond. (See 30 ILCS 575/4f(5).) The Council will make additional reports for community colleges beginning in September of 2016.

While the current law does contain a sunset clause repealing the Act on June 30, 2016 (30 ILCS 575/9), it has been routinely extended by the Illinois General Assembly. The College's General Counsel believes that based upon the legislative history and language in Statute, the Act will be extended beyond June 30, 2016. Therefore, the Administrative Affairs Office recommends the current board policy be revised to reflect the required changes to the board procurement policy on Disadvantaged Business Enterprises 712.05.

Original proposed changes are highlighted in red and reflect changes presented as the First Reading. Language highlighted in blue reflects input and changes presented as the Second Reading.

It is recommended that the Board of Trustees approve the policy changes.

05. Disadvantaged Business Enterprises (DBE)

The College recognizes the importance of increasing the participation of businesses owned by minorities, females and persons with disabilities¹ in public contracts in an effort to overcome the discrimination and victimization such firms have historically encountered.² It is the College’s policy to promote the economic development of businesses owned by minorities, females and persons with disabilities by setting aspirational goals to award contracts to businesses owned by minorities, females, and persons with disabilities for certain services as provided by the Business Enterprise for Minorities, Females and Persons with Disabilities Act, 30 ILCS 575/0.01 *et seq.* (the “Act”) and the Business Enterprise Council for Minorities, Females, and Persons with Disabilities (the “Council”).³

In support of this policy, the College will encourage the participation of qualified minority, female and persons with disability owned businesses by advertising, whenever possible, with trade associations, service organizations, minority newspapers and other appropriate media and other organizations focused on the needs of businesses owned by minorities, females and persons with disabilities to alert potential contractors and suppliers of opportunities. The College will support key administrative and staff members to attend and participate in training sessions, workshops, conferences and seminars dealing with procurement through qualified minority, female and persons with disability-owned businesses in compliance with the Act.

In furtherance of the above:

1. The College President⁴ shall appoint a liaison to the Council;
2. The College Liaison shall file an annual compliance plan with the Council, which shall include a copy of this Policy, signed by the College President, which shall outline and summarize the College’s goals for contracting with businesses owned by minorities, females and persons with disabilities for the current fiscal year, the manner in which the

- Provide internal customers with potential vendors downloaded from the CMS website

Additionally, the College is working towards implementation of a more formal Disadvantaged Business Enterprise Program, which will further identify outreach efforts no later than June 30, 2018.

BUSINESS ENTERPRISE FOR MINORITIES, FEMALES, AND PERSONS WITH DISABILITIES

The Business Enterprise for Minorities, Females, and Disabilities Act (30 ILCS 575/0.01) encourages state agencies and community college’s to purchase needed goods and services from businesses owned (100%) or controlled (at least 51%) by members of these groups.

As a part of the Act the College is to measure its efforts and commitment to meet its aspirational goals for awarding construction, certain types of professional services, and state contracts.

The aspirational goals under the Act to be used by Southeastern Illinois College are:

Type of Contract	Total % of MFD Contracts	Minority Owned Businesses	Female Owned Businesses	Persons with Disabilities Owned Businesses
Construction Contracts	20%	At Least 50% of the total minority and female owned contracts		
Professional Services Contracts	20% (Collectively)			
State Contracts	20%	11%	7%	2%

The President of the College appoints the Executive Dean of Administrative Services as a liaison to the Business Enterprise Council for Minorities, Females, and Persons with Disabilities (the “Council”) which is created under the Act to help implement, monitor, and enforce the goals of the Act. The liaison is responsible for the following:

- Submission of the annual report, compliance plan, and any other reports and documents necessary under the Act.
- Provide notice to the Business Enterprise Council of proposed contracts for professional and artistic services.
- Conduct outreach efforts to increase the use of vendors certified as minority, female, or person with disability owned businesses.
- Maintain the records needed to complete the annual report of the College’s utilization of businesses covered under the Act during the preceding fiscal year as well as the mid-year report on utilization to date. A self-evaluation of the College’s efforts to meet its goals is to be included in the Annual Report.

- Work with contractors and vendors to assure they are making good faith efforts to meet the College contract goals.
- Other efforts which may be needed to fulfill our aspirational goals.

The office of the Executive Dean of Administrative Services of Southeastern Illinois College has been given the responsibility by the Trustees of Southeastern Illinois College to oversee the system of purchasing of goods and services by the campus departments on behalf of the College. The mission is to directly support the College's educational, environmental, and administrative needs, by assisting faculty and staff to obtain high quality products and services at the lowest cost possible and in a timely manner.

Southeastern Illinois College is focused on a procurement system that invites the broadest possible participation from a diverse vendor base. We are committed to creating a competitive business environment with opportunities for businesses owned by minorities, women, and persons with disabilities. The College encourages campus departments to proactively consider qualified businesses owned by minorities, women, and persons with disabilities for their purchasing and contracting needs.

Each department will be responsible for the selection of supplier, negotiation of price, and assurance of quality and delivery. First consideration for purchasing should be from suppliers within our community college district boundaries where price, quality, and service are equal to or better than that offered by out-of-district suppliers. The following procedures are established by this policy:

1. The purchase requisition is used for a request to purchase materials, supplies, parts, equipment, or other services. It is also used to request the establishment of a Blanket Order to handle the repetitive purchase of products or services. Departments shall anticipate their requirements to allow adequate time for processing, and delivery. Item descriptions should be complete and accurate.
2. New vendors must be approved by the office of the Executive Dean of Administrative Services.
3. Requisitions are approved electronically using an approved hierarchy of departmental and administrative individuals. Using the electronic approval process administrators will verify justification of purchase and approve requisitions taking into consideration budget provisions and expenditures to date. In addition, the Executive Dean of Administrative Services approves all requisitions \$1,000 and above and the President approves all requisitions \$5,000 and above.
4. Faculty and staff approved by their supervisory VP/Dean along with the President, or Executive Dean of Administrative Services may be issued a purchasing card. The purchasing card use agreement form will be signed by the faculty/staff member and the Executive Dean of Administrative services or the President before the card is issued. The monthly purchasing card charges will be entered into the requisition process for

administrative approval. Copies of the approved purchasing card statements will be available for review at the Board of Trustees meetings.

5. Purchase requisitions that total less than \$10,000 to purchase materials, supplies, parts, equipment, or other services will not require multiple price quotations. Requestors at their discretion may obtain additional quotations for comparison purposes. Purchase requisitions between \$10,000 and \$24,999 require the requester to solicit multiple price quotations.
6. Formal bids through the office of the Executive Dean of Administrative Services will be required for all materials, supplies, parts, equipment, new construction, or other services that meet the guidelines of (110 ILCS 805/3-27.1 contracts) where the cost is \$25,000 or greater. Exceptions to this policy as shown in (110 ILCS 805/3-27.1) are allowed. Some of the applicable exceptions to the \$25,000 bid requirement are:
 - a. Contracts for repair, maintenance, remodeling, renovation, or construction, or a single project involving an expenditure not to exceed \$50,000 and not involving a change or increase to the size, type, or extent of an existing facility
 - b. Contracts for duplicating machines and supplies.
 - c. Contracts for the purchase and installation of data processing equipment, telecommunications equipment, and software.
 - d. Contracts for goods or services procured from another governmental agency.
7. The Executive Dean of Administrative Services will present the bid tabulation sheet to the Board of Trustees along with a recommendation for the best qualifying responsible bid.
8. College policy prohibits the receipt of any personal gifts, gratuities, premiums or other incentives by all employees.
9. The Board of Trustees will approve the payment of the previous month's expenses at each board meeting. A copy of the check register will be made available for their review.
10. The Executive Dean of Administrative Services will review all written vendor complaints and endeavor to offer fair and just treatment to all.
11. The College will not make purchases from employees or members of the Board of Trustees.

504.2 BUSINESS ENTERPRISE FOR MINORITIES, FEMALES, AND PERSONS WITH DISABILITIES POLICY

Pursuant to 30 ILCS 575/ Lewis and Clark Community College will act in such a way to promote and encourage the continuing economic development of minority, female owned, and persons with disabilities operated businesses. As a way of measuring efforts and commitments to this purpose, the Act defines aspirational goals for the awarding of construction, professional service, and state contracts for all state agencies and public institutions of higher learning.

COMPLIANCE

The College President will appoint a liaison to the Business Enterprise Council. This individual will serve as the contact person for businesses owned by minorities, females, and persons with disabilities who do or wish to do business with the College. The liaison will be responsible for the following:

- Submission of any reports and documents (to include but not limited to the annual compliance plan and report) as required by the Business Enterprise Council
- Providing notice to the Business Enterprise Council of proposed contracts for professional and artistic services
- Conducting outreach efforts to increase the use of vendors certified as being a minority, female, or person with disability owned business
- Maintain records needed to properly account for all state, construction, and professional services contracts and corresponding percentage awarded to corresponding certified vendors
- Coordinate with contractors and vendors to assure they are making good faith efforts to meet College contract goals
- Other efforts which may be needed to fulfill our intended purpose.

Pursuant to 110 ILCS 805/8-27, contracts for the purchase of supplies, materials, or work exceeding \$25,000 must be awarded to the lowest responsible bidder. In an effort to balance our commitment to this purpose with the need to be good stewards of local taxpayer monies, the College will evaluate bids based upon financial resources in conjunction with qualifications, including qualifications desired under the Business Enterprise Act.

L&C has focused its outreach efforts for businesses owned by minorities, females, and persons with disabilities through its construction contracts even though construction is not one of the reporting categories. Construction was identified as the largest area in which the College could make the greatest impact in the quickest time. Beginning with the most recent project in the award phase, general contractors were advised and guided to seek sub-contractors and suppliers who meet the BEP certification requirements whenever it made sense to do so. In fiscal year 2017, the College modified its construction RFP documents to request and compile such data for not only the general contractor but the sub-contractors as well.

The next area of focus includes independent/professional contract agreements, the list of which contains those fields specifically mentioned in this year's reporting requirements. Adding this request for information to actual contracts is being considered. Existing vendors are being contacted to encourage registration with CMS/BEP when appropriate. Potential (or existing) vendors who make contact with L&C are directed to the CMS site to complete registration and certification, assisted with questions about doing business with the College, and are added to the College's requested bidder list.

Certified vendors are coded as such on the vendor record in the college's financial software for inquiry and reporting. Future initiatives employ technology and the internet to cross-match BEP's vendor listing with the college's vendor file to identify additional certified businesses and to explore ways to utilize the L&C website to provide information on CMS/BEP registration and bidding opportunities. Other possibilities to promote employment of businesses owned by minorities, females, and persons with disabilities will continue to be explored.

The College recognizes the importance of increasing the participation of businesses owned by minorities, females and persons with disabilities¹ in public contracts. It is the policy of the College to promote the economic development of businesses owned by minorities, females, persons with disabilities, and veterans by setting aspirational goals to award contracts to businesses owned by minorities, females, persons with disabilities, and veterans for certain services as provided by the Business Enterprise for Minorities, Females and Persons with Disabilities Act, 30 ILCS 575/0.01 *et seq.* (the "Act") and the Business Enterprise Council for Minorities, Females, and Persons with Disabilities (the "Council").²

The College will support administrative and staff members attendance at and participation in training sessions, workshops, conferences, and seminars dealing with procurement through qualified minority, female, persons with disabilities, and veteran-owned businesses in compliance with the Act.

Heartland Community College District #540 Outreach Efforts and Goals for BEP Compliance

Goals – to meet compliance requirements of the BEP. Narrative #8

The College has included the following clause in appropriate bid documents, contract and subcontract documents:

Heartland Community College is a public institution of higher education for the purposes of the Illinois Business Enterprise for Minorities Females, and Persons with Disabilities (MFPD) Act (30 Illinois Compiled Statutes 575/0.01 et seq.). Heartland encourages disadvantaged enterprise vendors to participate in Invitations to Bid, Request for Proposals and general purchasing. Contractor or supplier agrees to provide the College available BEP certification(s) or appropriate organizational information regarding subject.

Additionally, the College will:

- Continue to identify and remove barriers to the participation of all small businesses for meeting requirements of the BEP.
- Participate in available small business, MBE/FBE/DBE training seminars. This goal was not attained in FY 17 due to the lack of a State budget. The College froze travel dollars in FY17, and therefore had no money to allocate to travel to any trainings or seminars. We will aspire to attend the next fiscal year.
- Attend minority business vendor fairs to recruit qualifying businesses. This was not attained due to the same rationale (lack of State budget) identified above.
- Check the Central Management Services database for registered and certified MBE/FBE/DBE vendors available for construction, engineering, insurance, audit, investment, technology, and accounting services, to expand and improve upon the existing bidders list used by the College. Heartland regularly checks the CMS database of approved vendors for updates and new additions.
- Publish a public notice that announces the College's wishes regarding the overall aspirational annual goal, and informing the public of the proposed goal. The notice shall include the aspirational goal statement and provide an address for submission of comments or to request more information. It will be published in general circulation media and if available, in minority-focused media. Due to the State budget and lack of funding, a public notice was not published due to costs in FY 17 for this purpose.
- Conduct business communication and outreach activities to increase participation.
- Encourage non-certified vendors to become certified with CMS/State of IL.
- Request information from purchasing partners, consortiums, etc., regarding collecting certified MBE/WBE/DBE vendor information and reporting on qualifications. Collect status of new and

existing HCC vendors and input identifying info into ERP/PeopleSoft system for tracking. This includes mailing letters to existing vendors to collect information.

- Annually perform efforts to meet identified participation aspirational goal.
