

BUSINESS ENTERPRISE PROGRAM FastTrack Application Checklist

The FastTrack Application allows for seamless access and certification into the State of Illinois' Business Enterprise Program (BEP). This application is designed to streamline the certification process while decreasing the wait time before participating in state procurement opportunities. If you are already certified with one of the agencies listed below, you can submit a FastTrack Application.

Fast Track Partner Agencies

- Chicago Minority Supplier Development Council
- Mid-States Minority Supplier Development Council
- Women's Business Development Center

Each applicant business is required to submit:

- ☐ BEP application affidavit signed by an authorized officer of the firm and notarized.
- ☐ Current certification from the above list of recognized certifying agencies.
- ☐ Current Federal Income taxes with all attachments and schedules.

If approved, your BEP certification renewal date will mirror your host agency's renewal date.

When necessary, applicants may be asked to supply other documentation, including the prior year's income tax information. Failure to provide these documents may result in a delay or denial of your certification renewal.

How to Apply:

To apply, create an account and complete the online application through our user-friendly Supplier Diversity Management Portal at <https://supplierdiversitymanagementportal.illinois.gov/home.aspx>. This streamlined process is designed to make your application experience as seamless as possible.
